3. All fees are quoted, and payable, in Pounds Sterling (£) and are shown exclusive of Value Added Tax.
4. United Kingdom (UK) Value Added Tax (VAT), currently at 20%, must be added to all IPSX fees if the fee payer is subject to UK VAT. It is the obligation of a fee payer to confirm whether or not they are liable for VAT. Where a fee payer fails to confirm their VAT liability, VAT will be charged at the prevailing rate. Companies with their principal place of business in the UK will be considered subject to UK VAT.
5. Admission and initial Annual Fees are payable prior to admission to trading/membership and must be received by IPSX at least 24 hours prior to admission.
6. Annual Fee renewals are payable in advance for subsequent years and will be payable from 1 January for the forthcoming calendar year.
7. Annual Fees for Trading Members will be subject to revision no earlier than November 2024.
8. Annual Fees for Issuers, Lead Advisers and Approved Valuers joining part way through a year will be invoiced on a pro rata basis.
9. In the event of the transfer of an Issuer between markets:
  - a) No Vetting Fee will be chargeable if the transfer is made within 12 months of the original admission.
  - b) If additional funds are raised upon transfer, if the transfer is made within six months of original admission, a 75% discount will apply to the Admission Fee for the new market; if the transfer is made between six and 12 months after original admission, a 50% discount will apply; and if the transfer is made more than 12 months after original admission, the full fee will be payable.
  - c) Any Annual Fee already paid during a calendar year will be offset against the Annual Fee applicable to the new market.
10. The Annual Fee for Issuers is for each year or part thereof and is not refundable, including where securities are suspended or cancelled.
11. No refunds will be granted in respect of the resignation of a Trading Member, Lead Adviser or Approved Valuer part way through a membership period.
12. Transaction Fees payable by Trading Members will be invoiced and payable monthly in arrears. IPSX relies on data submitted to it to calculate these fees. Transactions submitted in error may incur a charge. Where the Transaction Fees in any month amount to less than £100, the fees due will be carried forward to subsequent months until they amount to at least £100 and an invoice will then be raised for the total amount due.
